THE MEADOWS

Braidwater way

To demonstrate that we understand the true value of homeownership, we've created **The Braidwater Way.**

Braidwater way

We understand the true value of owning your own home. It's the result of hard work, perseverance and personal growth. It's not just a transaction; it's a commitment to a place that reflects your achievements and your future.

If you identify with any or all of our five key attributes, then a Braidwater home is the perfect foundation for the life you want to build.

A LIFELONG DREAM

We believe buying a home is more than just a purchase. It is the fulfilment of a lifelong dream, a place to call your own, and a foundation for security, stability, and future memories.

STABILITY

At Braidwater, we believe a home is more than just a place to live. It is where you put down roots, create lasting memories, and build a secure future for yourself and your family.

EMOTIONAL EXPRESSION

We know that buying a home is an emotional journey, a rite of passage that brings a deep sense of accomplishment. It is the reward of years of saving and hard work, culminating in a place that is truly your own.

A SIGNIFICANT MILESTONE

We understand that owning a home is a major life milestone, as momentous as getting married or welcoming a child. It is a defining step that marks a new chapter in your life.

A SMART FINANCIAL INVESTMENT

Beyond personal fulfilment, homeownership is a sound financial investment. At Braidwater, we build high-quality homes that appreciate in value, helping you build equity and secure your financial future.

This is the way
homebuying should be.

This is the
Braidwater Way.

Life, lived well.

The Meadows typifies modern living in the Braidwater style. Located a short distance from the A24 and only minutes from Carryduff town centre, home owners will benefit from living in the country on the edge of the suburbs, with easy metropolitan access. Uniquely designed homes will blend into the existing landscape and the carefully planned layout will create a sense of community. This is the Braidwater way, this is life, lived well.

Well designed.

The design of Braidwater's homes is intricate and detailed. From the clever use of space in the kitchen to bright, airy rooms with high ceilings, no aspect of modern life has been overlooked. Secluded gardens offer a peaceful sanctuary and when combined with space and green areas throughout the development, it will allow families the peace of mind that their children will have room to play on their doorstep.

Energy efficiency

Braidwater's homes are highly energy efficient, easy to heat with low costs due to factory driven modular construction techniques. High performance double glazing, composite doors, quality wall, roof and low carbon EPS floor insulation, floating floor techniques and sound proofing are all utilised to deliver a high quality, energy efficient product.

Play area

On top of the wildlife enhancement, a playpark is to be located in the centre of the overall site which will form the focal point for games, fun and plenty of activity.

Architecture

The development will include a range of semi and detached homes which are classically styled, with a variety of house types offering traditional architectural detailing.

Views

Urban living effortlessly blends with rural landscapes, with The Meadows perfect location on the outskirts of Carryduff and surrounded by green fields of the County Down countryside.

Community

Braidwater is proud of the growing community spirit intertwined in its new developments across Northern Ireland. Building new homes is more than just bricks and mortar. It's also about creating thriving new communities where people can live, work and play together. The extra thought and effort is dedicated to building new developments with community and families in mind.

Ecological benefits

Grassland, hedgerow and scattered tree planting are an intricate part of the development, providing significant biodiversity enhancement and delivering opportunities for a range of wildlife species.

Well connected.

The Meadow's location via Meadowvale Park in Carryduff is perfect for commuting locally, to Belfast and further afield.

A peaceful suburb in a highly popular area, you're not too far away from the town centre, leisure parks, retail parks, schools and all of the local amenities.

Strangford Lough & North Down

Only 14 minutes drive from Comber and the tranquil shores of Strangford Lough, you can experience sailing, kayaking, diving, canoeing, bird watching, fishing, kite surfing, windsurfing, boating, and when the weather is right, paddling and swimming!

Let's Go Hydro

We've all heard of Let's Go Hydro, Belfast's largest aqua park, and it's on your doorstep. From water-based activities to glamping and seasonal events. All round entertainment for swimmers, thrill-seekers, dare-devils, and slide-lovers.

Newcastle & The Mourne Mountains

An area of outstanding natural beauty, Newcastle and the Mourne Mountains are only 30 minutes from Carryduff. With 6 peaks over 700 metres high, with Donard the highest at 850m, Newcastle is the gateway to hikers bliss.

Carryduff Town Centre

The small residential town of Carryduff is home to a mix of stores, independent shops and a popular array of restaurants and coffee shops.

Education

Like any good town, a wide range of primary, secondary and grammar schools are available within a short distance. If students make the decision to progress, the options in Belfast are endless and a huge opportunity to further their education without venturing too far.

Sports and Leisure

For those who like to keep fit, you'll find a range of sports and tennis clubs catering to all age groups. The popular Lough Moss Leisure Centre is a hive of activity with everything from classes to badminton.

For amateur golfers there is an array of golfing options, from Rockmount Golf Club and Temple Golf & Country Club.

Carryduff Park covers an area of 8.3 acres and is suitable for walking, and family activities. In addition to its natural scenery, this park also has a playground.

Public Transport Links

Residents at The Meadows will benefit from easy access to Carryduff with a bus stop several minutes from the development and a good alternative to the car. From Carryduff, a range of public transport links will allow you to make decisions on your carbon footprint.

A24

No matter where your end journey is, The Meadow's ease of access to the A24 will allow you the luxury of getting to your final destination, sooner rather than later.

Once on the A24 you have a 10 minute journey to Belfast's Outer Ring giving you easy access to all that the capital has to offer and the M1 and M2 connecting routes.

A modern kitchen featuring a central island with a white marble countertop and a light blue-grey cabinet base. The island is surrounded by four brown leather bar stools. Three spherical glass pendant lights hang above the island. In the background, there is a dining table with a large abstract artwork on the wall and a kitchen area with light grey cabinets, a stainless steel oven, and a range hood. The floor is made of light-colored stone tiles.

Well appointed.

We're famous for our exceptionally high standards and The Meadows will be no different. Our homes are much more than simply bricks and mortar or glass and timber put together well. It's the fit and finish that sets us apart. From our homely turnkey packages to luxurious upgrades, every home oozes quality and well-considered class.

This is backed up by our NHBC award winning site managers and teams who have achieved regional and national success as they demonstrate incredible dedication, passion, commitment and leadership to produce homes of exceptional quality.

The Braidwater Group is an A1 rated NHBC house builder in Northern Ireland, which signifies a commitment to high building standards and peace of mind for homeowners, through Buildmark warranty and insurance policies.

All specification images are from Braidwater Homes 'show homes' and are for illustration only. Standard specification and upgraded options are correct at time of going to print but maybe subject to change during construction

A new era in energy efficiency

Homes that lower your maintenance and running costs

Kore EPS floor insulation is manufactured with sustainable and 100% renewable raw material

Sustainable and low carbon materials

Braidwater's homes produce 36% less CO2 in construction than the average home through efficient use of innovative, sustainable materials.

Materials such as FSC timber and the groundbreaking low carbon EPS floor insulation, along with lean production methods to minimise waste, are all key elements of your home design.

An example of Kore EPS reduction of CO2 emissions:

90% in raw material production
60% in the manufacturing of insulation

Braidwater is proud to say our homes are leading the way in driving down the CO2 in house delivery and lifetime cost.

Solar PV Panels

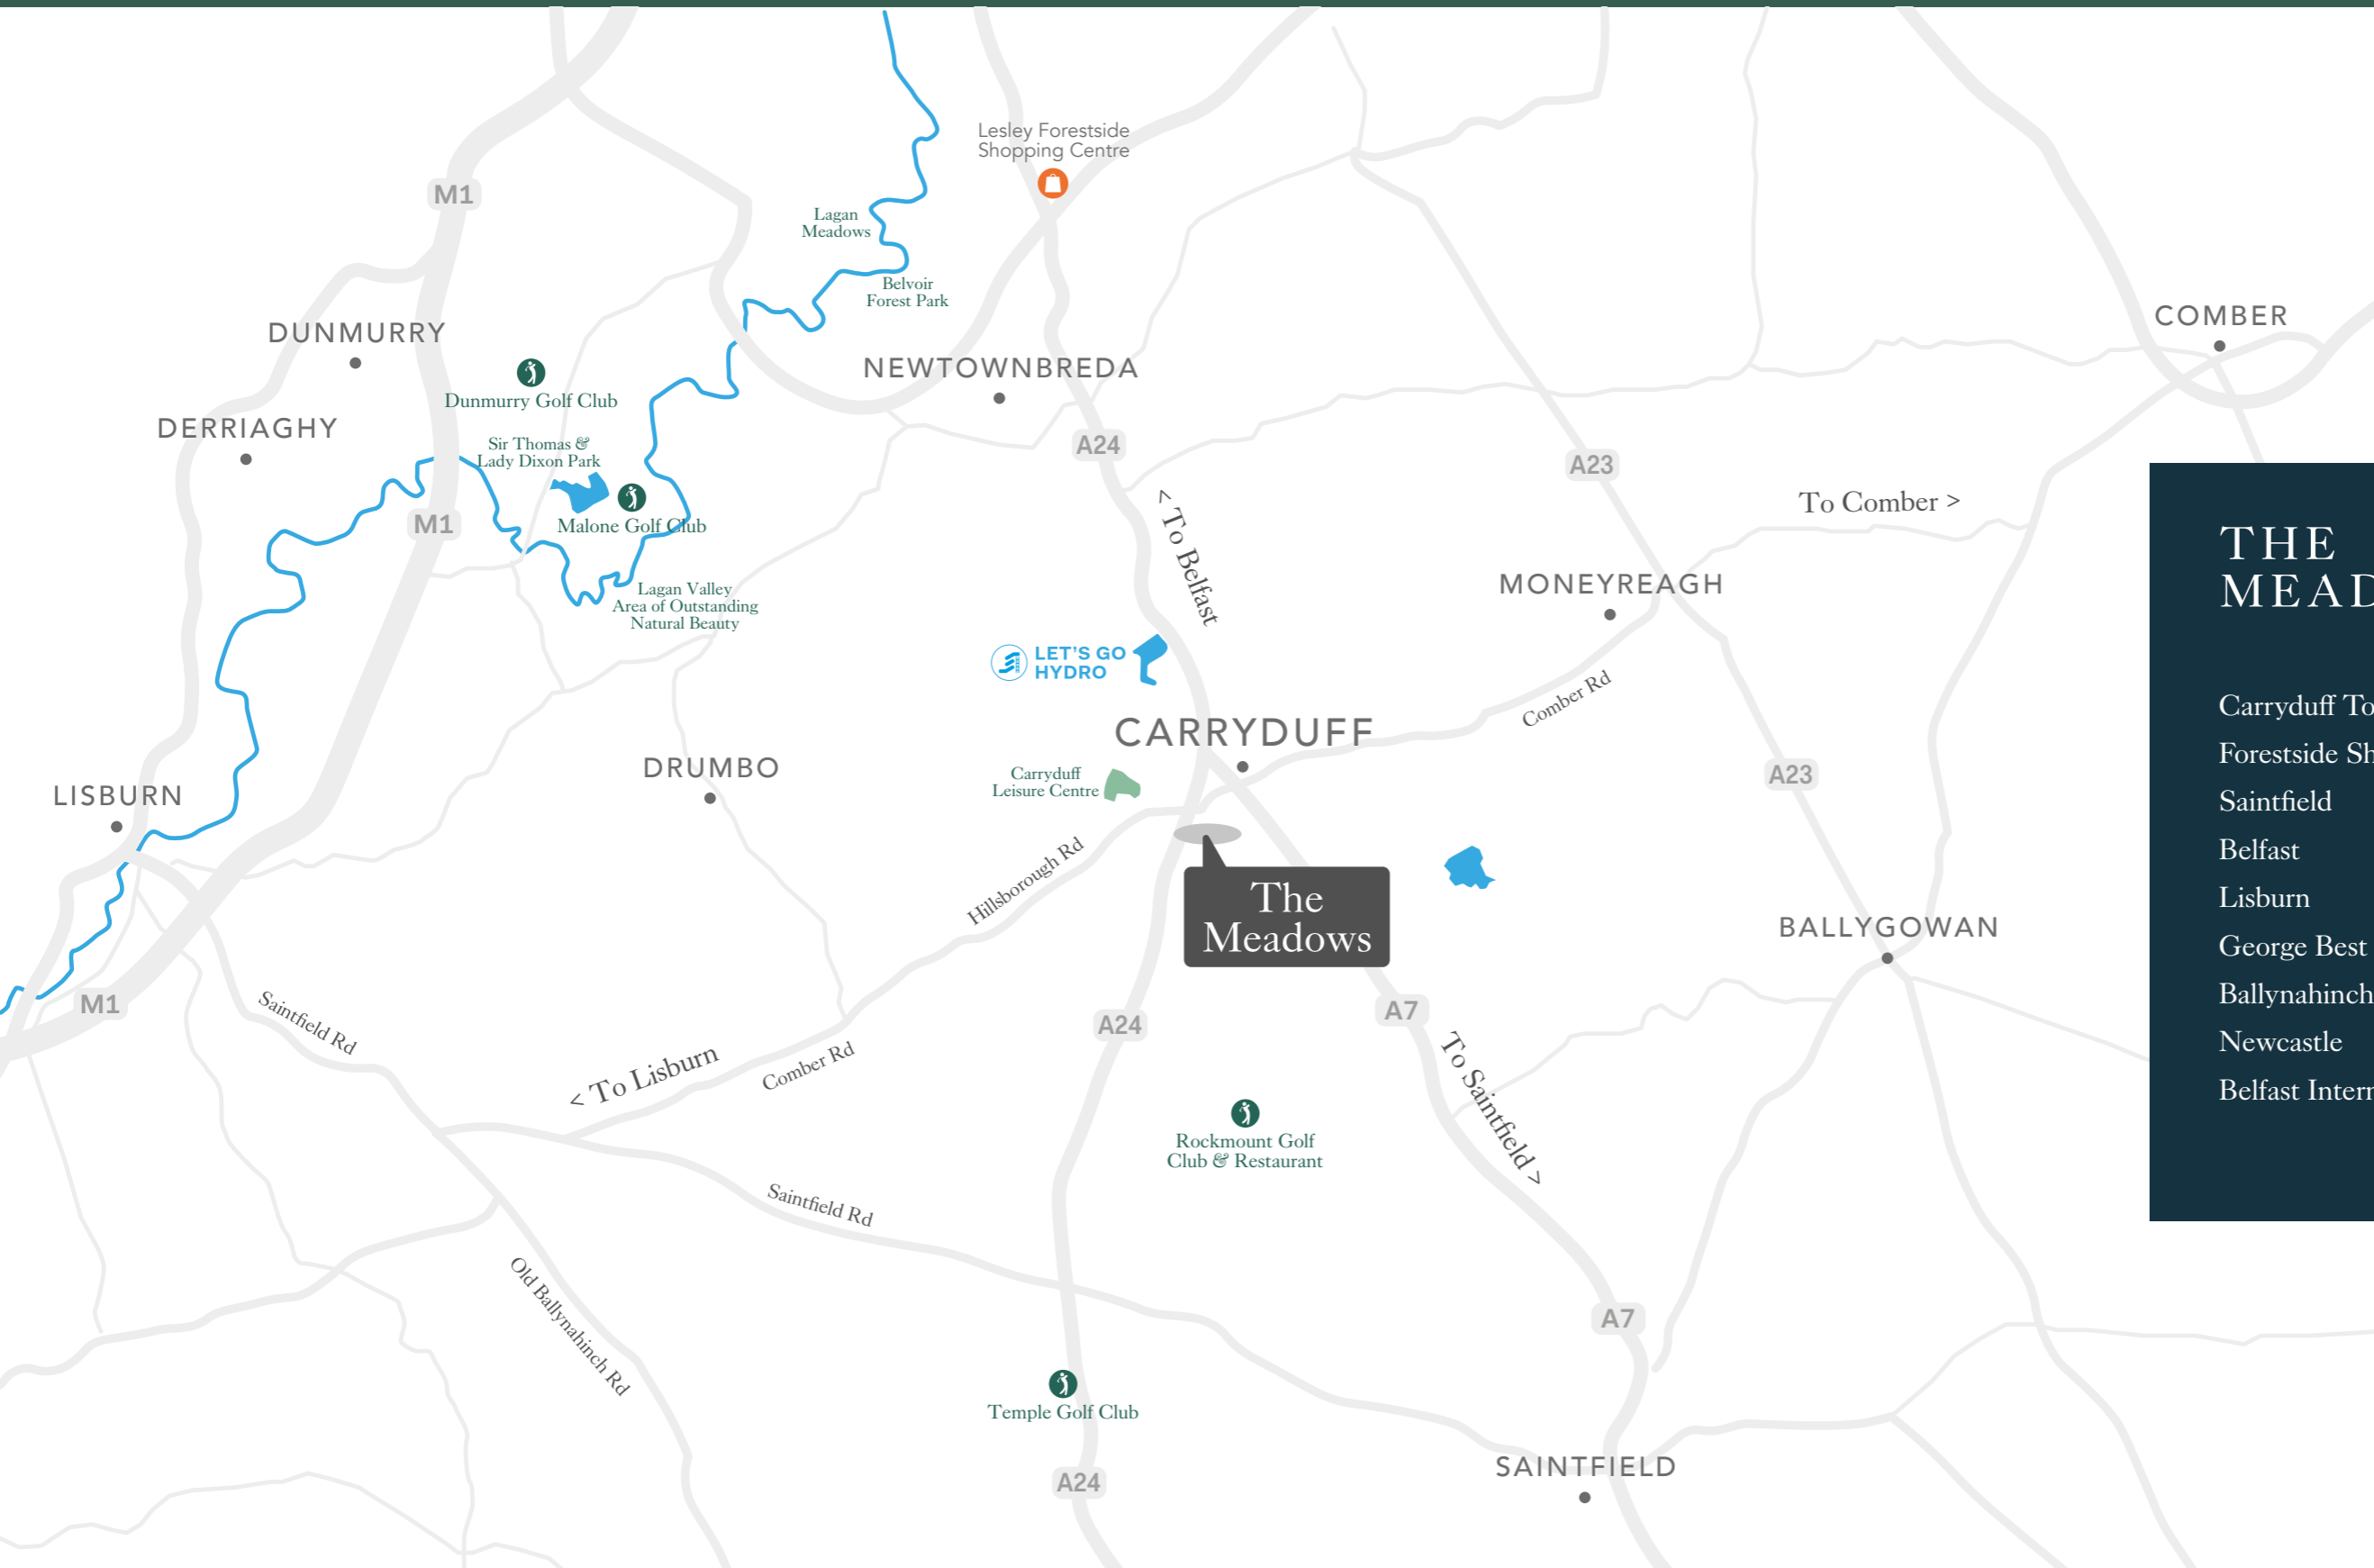

All homes at The Meadows will be complete with PV panels. The location and number of panels is determined by computer modelling in order to optimise the efficiency levels. This will allow our home owners to produce their own renewable electricity.

Energy Efficiency

Our perfected timber frame off site system uses the latest technology to carefully model every aspect of insulation and detailing in our homes. This allows Braidwater to create some of the most energy efficient, low cost, maintenance homes on the market.

Green Mortgages

Typically, green mortgages offer home-seekers an incentive to buy an energy-efficient house and are usually available for new builds that meet specific criteria such as an energy performance certificate (EPC) rating of A or B. Braidwater builds homes which meet this criteria, so ask your financial advisor about your green mortgage options.

This brochure and all the information detailed herein does not and will not constitute any part of any offer or contract, or be a representation including such contract. The brochure and all photographs, illustrations, plans and sizes are indicative only to give a general indication of the proposed development and floor layouts. Images, specifications, treatments and plans are correct at the time of going to print, but may be subject to change during construction. None of the statements and information contained in this brochure are to be relied on as statements or representation of fact and any intending purchaser must satisfy him/herself by inspection or otherwise as to the correctness of any statement.

With regards to house type/floor plans, please note this information is subject to review and therefore potential changes. You should be advised therefore, not to order any goods which depend on accurate dimensions before carrying out a check to measure within your reserved plot. Computer generated images are for illustrative purposes only.

Braidwater Homes reserves the right to alter plans, specification, elevation treatments, positions, and types of doors and windows without prior notice. Braidwater Homes reserve the right to change house type mix and tenure of any home subject to market conditions and without notice. Braidwater is signed up to NHBC which is the UK's leading independent standard setter and provider of warranty and insurance for new homes. Their purpose is to build confidence in the construction quality of new homes and provide protection for homeowners through their warranty and insurance cover.

Full details will be supplied on request after the formal Reservation Agreement is signed, which will include plans and specifications of the home, to enable you to make a properly considered purchasing decision, before making a binding commitment. Please note that these may change during the course of construction and we will advise you if substantial changes are required after you have signed a contract to purchase.
